ECOSYS P5026cdw/M5526cdw Series

TAKE YOUR BUSINESS TO THE **NEXT LEVEL.**

Keeping up in today's fast-paced business environment is no easy task. Even the smallest offices require large office functionality to stay competitive and grow. In addition to copy, print, scan and fax, now you can affordably optimize and empower your workforce to expand your business.

The ECOSYS P5026cdw and ECOSYS M5526cdw Series from Kyocera helps you outpace the competition with features like hi-res vivid color, standard duplex and on-the-go mobile printing and scanning capabilities – all in an affordable package that provides the flexibility for growth.

ECO-FRIENDLY DESIGN.

Kyocera recognizes the burden that business activities can place on the environment. We strive to pursue a harmonious balance between economic development and environmental preservation with these measures:

- Power-saving sleep mode; duplex mode; combine copy mode; low noise levels.
- New toner design reduces energy consumption by using a lower temperature to melt the toner.
- Standard duplex printing, which utilizes both sides of the paper, reducing wasted paper and paper costs.
- Energy Star® compliant, low Typical Electricity Consumption (TEC).

GET THE ECOSYS ADVANTAGE.

Kyocera's ECOSYS long-life technology creates a lower total cost of ownership for your business and less waste for the environment. Our patented long-life drum is separate from the toner cartridge and does not need to be discarded when toner is depleted.

This "toner only" concept means the toner container includes minimal components and materials, thereby creating less waste and less replacement cost. All without compromising the productivity and features you need.

BIG OFFICE FUNCTIONALITY NOW COMES STANDARD
IN A SMALL OFFICE PACKAGE...

... WITH ALL THE FEATURES YOU NEED TO GROW.

Produce vivid color documents up to 1200 dpi (at reduced speed).

Flexible media options to meet your demanding business needs - including statement to legal size, envelopes, labels and more.

Scan-to-SMB, -email, -FTP, -USB, -WSD-SCAN and -TWAIN/WIA compatible.*

Simplify IT management! Remotely access device statuses, configure security and networking settings from anywhere on the network using KYOCERA Command Center RX.

Monitor and control costs for color output and only pay for the color you use with the KYOCERA Tiered Color System.

Scan documents at up to 30 images per minute with the 50 Sheet Dual Scan Document Processor.*

Detect and remove blank pages when scanning or copying with Blank Page Skip.

Output speeds up to 27 pages per minute.

Tablet-like 4.3" color touch screen (TSI), plus hard key control panel.*

Standard Wireless and Wi-Fi direct access.*

Up to 550 sheets paper capacity.

Super G3 Fax capability.*

*Specifications vary by model

MOBILE PRODUCTIVITY WITH PRINTING ON-THE-GO.

With Kyocera's mobile solutions, virtual offices are a reality. Increase your productivity on the go without the need to install any printer drivers. Transform your print and scan workflow into a mobile experience with the following options:

Apple AirPrint®

Print to your ECOSYS printer from any iOS or OS X device on the same network.

Google Cloud Print™

Access and print documents from anywhere using your mobile device.

KYOCERA Mobile Print

Scan-to and print-from your smart device with this Kyocera business application.

Mopria®

Print to your ECOSYS printer from an Android (4.4 or later) device.

SECURED ACCESS DELIVERED.

Kyocera Card Authentication provides tight control on what is being printed. With a simple swipe of a HID proximity card, users gain immediate access to only their authorized job function and features on the ECOSYS MFP and printer. It's a cost-effective, value-added feature for any business.

- Authentication using passwords or HID proximity cards.
- Local and network authentication (MFP models only).
- Restrict features like copy, scan and fax.
- **Private Print function** with password protection and **User Authentication**.
- Security watermark option via KX driver.
- **PDF Encryption** restricts access for displaying, printing and editing PDFs by assigning secure passwords.

REMOTE MONITORING REDEFINED.

Optimize device uptime and reduce costs with KYOCERA Fleet Services (KFS), a highly-secure cloud-based monitoring solution that offers real-time visibility into...

Device Status

Take a proactive approach to error resolution to ensure that your fleet operates at peak performance. Maximize up time with scheduled off-hour maintenance.

Counter Activity

Eliminate administrative burden with automatic meter reading, for accurate and timely billing.

Supply Levels

View consumable levels to prevent unnecessary workflow interruptions.

Usage Trends

Identify print, copy and scan trends to make more informed decisions that will further optimize your workflow.
